COSTUME UPGRADES

CU1401	Chest-plate Upgrade	We have created a fiberglass chest-plate that we can retrofit into any costume. It helps to distribute the weight of the costume across the whole chest for improved comfort over long periods of wear time. Much more comfortable.	\$150
CU1402	Belt Extension	This allows us to add much needed waist size to any oversized costumes.	\$20
CU1403	Track Support System	Any costume can be set up on a track system so the actor doesn't have to bear the weight of the costume.	\$300
CU1404	Helmet System	Most of our costumes now come with the head mounted on a spring system rather than the helmet system we used before. However, if you prefer the left/right control of the helmet drive we can install it for you for an additional fee.	\$150
CU1405	Cable Support System	Any costume can be set up on a cable system so the actor doesn't have to bear the weight of the costume.	\$199
CSCC	Creature Cart	We can convert most any one of our characters from a costume into a cart mounted puppet. This allows most anyone to use it without worry of injury or getting tired. They just stand and operate it from behind.	\$450
